REMARKS

On June 04, 2016, at approximately 0145 hours, this writer was conducting patrol, in my marked Middletown Police vehicle, Southbound on Dekoven Dr.

As I was approaching the intersection with Washington St., I observed a gray two door Honda Civic travel at a high rate of speed Northbound onto Route 9 South, driving the wrong way. I followed the vehicle in the Southbound side of traffic as it began to pull away even after I initiated my emergency overhead lights in an attempt to get the operator's attention as well as get the attention to Route 9 South motorists.

When the vehicle reached the area of Hartford Ave., I observed it take a right onto the designated Route 9 North entrance while it continued to travel at a high rate of speed. As the vehicle was turning left onto route 9 North, the operator immediately lost control of the vehicle as I saw the vehicles tail lights spinning and eventually saw the vehicle crash into the East side guard rail or curbing. The vehicle continued traveling Northbound at a high rate of speed despite my emergency overhead lights and siren. The vehicle finally pulled over just a few hundred feet away from exit 18, in Cromwell, CT.

I approached the passenger side and identified the operator as Frederick Burgos (23). He said he was leaving Mezzo's Grill on Court St., Middletown, CT to bring his passenger home. I could smell the odor of an alcoholic beverages emanating from the inner compartment and asked the operator if he had consumed any alcoholic beverages prior to operating the vehicle, he said he did not.

I conducted a series of Standardized Field Sobriety Tests (SFST's) on Burgos, two of which he failed and one he would not do properly. Burgos was consequently placed under arrest and transported to Middletown Police Headquarters for processing. He was apprised of his constitutional rights at 0230 hours.

I informed him about the A-44 Implied Consent Advisory. He was given a chance to call an attorney at 0234 hours and declined to make this call. I informed Burgos I would be choosing a breath test, which he said he would take without problem.

Burgos' first breath test, taken on the Draeger Alcotest 9510, which I'm certified on, was given at 0244 hours with a result of .1390. The second test was given at 0304 hours, with a result of .1281.

Burgos was charged with violating 14-227a, Operating Under the Influence of Alcohol/Drugs, 14-224b, Evading Responsibility, and 14-237, Traveling the Wrong Way on a Multiple Lane Highway. Burgos was released to a sober driver on a \$500 Non-Surety Bond and assigned a court date of June 22, 2016.

REMARKS

On 5/31/16 at approximately 2133 hours I responded to 33 Anderson Road (Jarvis) for the report of a vehicle parked in the lot which was observed driving erratically. The caller was standing by in the parking lot to assure the driver did not drive away.

Upon arrival I spoke with Trooper Bria Badge number 1225. He stated he was standing by with the vehicle until Middletown Police arrived. I ran the plate CT REG 5AFA5 through dispatch confirming that was the vehicle seen driving erratically.

I walked up to the vehicle and spoke with the operator, Jessica Harwood. I observed a half empty bottle of Southern Comfort on the passenger side floor. I asked Harwood where she was headed. When she spoke I could smell the odor of an alcoholic beverage emanating from her breath. Harwood's speech was slurred. Harwood stated she did not know where her keys were. I observed her keys in a handbag on the passenger seat and asked Harwood to hand me the key, which she did. I called for a back up Officer and advised dispatch I would be testing for DWI. Officer Martz responded to my location.

Upon Officer Martz arrival I asked Harwood to step out of her vehicle. When she stepped out of her vehicle she nearly fell back into her vehicle. I informed Harwood I would be conducting a standardized field sobriety test. She agreed to take the test.

Harwood did not pass the standardized field sobriety tests.

Based on my observations and the results of the standardized field sobriety test, Harwood was placed under arrest. While placing Harwood in the backseat of my Police cruiser she requested I get her cell phone out of her vehicle. I did not see the cell phone on the seats of the vehicle. I opened the center console and found a glass container containing a green leafy substance I suspected to be marijuana. There was also a glass pipe containing a burned leafy substance, and a small hand rolled cigar end containing a green leafy substance. The suspected marijuana was seized for destruction.

A search of the vehicle would reveal multiple empty bottles of Southern Comfort as well as there partial bottles of Southern Comfort (see attached photographs).

I transported Harwood to Middletown Police Headquarters for processing. Her vehicle was towed by D&M Towing.

I placed a call to the complainant, _____ I would provide a sworn written statement which confirmed Harwood's operation of the vehicle.

The first test was administered at 2304 hours. With a result of 0.2881.

The second test was administered at 2331 hours. With a result of 0.2740

The seized suspected marijuana, glass pipe, and cigar were photographed (see attached). I tested the suspected marijuana using a NARK 08 test kit, which tests for presence of THC/Marijuana. This test revealed a dark purple color indicative of marijuana. The marijuana was weighed, with a weight of 1.81 grams. The marijuana was tagged for destruction and placed in MPD evidence locker #22.

Harwood was charged with 14-227a Driving under the influence, 21a-267(d)(1) Possession of drug paraphernalia to be used with less than 1/2oz marijuana, and 21a-279(1st) Possession of less than a 1/2oz of marijuana On MSC # MC 330381. She was given a court date of 6/8/16 at GA09 and released on a \$500 non-surety bond.

Nothing further.
